

Feed the Beardie Instructions

Objective:

Eat as many treats as you can for points. The more food you catch, the more points you score. But watch what you eat! Some foods that are bad for lizards will slow you down. For each treat you miss, your lizard's morale will deplete. The game is over when your lizard's morale indicator bar reaches the end. Use the arrow keys on your keyboard to move left, right, up and down.

Special Objects:

Bad Cricket

Slows down your lizard and makes your lizard sick. Effect lasts for 10 seconds.

Tomato

Multiplies the number of points per piece of food by two. Effect lasts for 10 seconds.

Sun

Multiplies the number of points per piece of food by four. Effect lasts for 10 seconds.

Superworm

Slows down the speed of falling food/objects. Effect lasts for 10 seconds.

Waxworm

Increases the speed of falling treats. Effect lasts for 10 seconds.

Pinky Mouse

Causes your lizard to grow in size. Effect lasts for 10 seconds.

Mites

Shrinks your lizard down in size. Effect lasts for 10 seconds.

Bad Bug

Stay away from fleas! Minus 100 points from your score.

Mystery Spider

Randomly becomes any of the above items.

Lizard Head

Clean your reptile's tank by 25%.
