

## Breeder's Choice

### **Axanthic Spider Ball Python (*Python regius*)**

*Rick Cunningham, Rustys-balls.com, 309-353-9661*

**BREEDER COMMENTS:** "This snake is a beautiful example of the combinations that can be produced with ball pythons. I crossed a VPI-line axanthic ball python with a spider het axanthic ball python to get this snake. It was first produced in 2007."
